THE L. P. JONES COLLECTION.

This, our last sale of the present season, and the most important one held by us since the Gehring Sale last summer, contains a great many interesting and valuable coins, medals, tokens, etc.

The feature list appended herewith gives a brief summary, and there are coins, medals, tokens and paper money for about all classes of collectors, including pieces of the most ancient times.

We beg you to give the catalogue a careful and patient reading, and you will be well repaid. Send us a generous number of bids as you will not have another opportunity at our sales until almost the first of November, or five months hence. The Jones collection of cents is a remarkable assemblage of varieties and dates, and the condition of the coins averages very high. We have catalogued each date under a heading, so that this list will form a sort of a guide for cent collectors who search for varieties. The collection of Foreign Gold Coins is important, while the Private Gold collection is very large and includes some choice gems of rarity and interest. There is the greatest sort of variety to the offerings and all kinds of medals, tokens, etc. are listed. It is our most important sale in a year and the catalogue includes over 2450 lots. Don't miss it.

Kindly read the sale terms. These sales are not approval sales. The coins bid on are actually bought and the buyers must abide by my terms. We will not allow returns without good reasons and we will be the judges. We have carefully listed the items and have tried to state condition fairly and accurately. Terms cash.

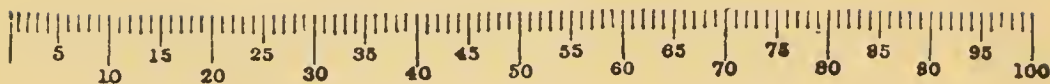

Please Note, the sale dates fall this time on Thursday, Friday and Saturday.

CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at **so much per PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00.

Auction sales are **strictly for cash.** Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

* Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing and shipping, but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

No priced catalogue will be furnished of this sale.

NOTICE—On account of May 30th, Decoration Day, the Sale dates are changed to Thursday, Friday and Saturday, June 1st, 2nd and 3rd.

REMEMBER! This is Positively Our Last Coin Sale Until October, hence your last opportunity to bid at these sales for four or five months.
